

JakeRetail V2

The POS That Never Goes Down

Built for businesses that never stop.
Works offline. Tracks every naira. Audits every action.

Offline-First Architecture

Real-Time Financial Analytics

Debt & Partial Payment Tracking

Role-Based Access Control

Dynamic Vouchers & Discounts

• Cloud Sync Active — Zero Downtime Guaranteed

The Problem Every Retailer Knows

One internet outage. Your entire POS goes dark.

Network Drops = Business Stops

Traditional POS systems die the moment the internet hiccups. Customers leave. Revenue is lost.

Books That Never Balance

Transactions scribbled on paper, stock miscounts, untracked debts — your numbers are wrong by end of day.

No Accountability for Staff

Who adjusted that price? Who processed that refund? With basic POS, you'll never know.

These aren't edge cases — they're the daily reality for thousands of Nigerian retailers.

Introducing

JakeRetail V2

Your store. Always open. Always accurate.

Works Without Internet

Real-Time Financials

Bank-Grade Security

A next-generation PWA-based Point of Sale built from the ground up for African retail realities. No hardware installation. No subscription trap. No downtime.

Feature 01

True Offline-First Architecture

- ✓ Sell, restock & manage customers with zero internet
- ✓ All data stored locally — never lose a transaction
- ✓ Auto-syncs silently when connection returns
- ✓ Manual sync button for instant push/pull
- ✓ Cloud sync indicator shows live status

Cloud Data Sync

● **Status: Synced**
Last Sync: Just now

● **Status: Pending Sync**
Internet unavailable — still selling!

Your device holds a complete,
encrypted local copy of all data.
No connection = No problem.

Automated Financial Intelligence

Know your true profit — in real time, not at month end.

Everything Your Business Needs

One platform. Every operational need covered.

Partial Payments & Debt

Process part-payment at checkout. Track balances. Log repayments automatically.

Dynamic Vouchers

Create vouchers with expiry dates, percentage or flat discounts, and usage caps.

Smart Inventory

Track cost price, selling price, barcode/SKU, and stock movement history.

Multi-Store Landlord

Central control panel for franchise owners. Isolated data per branch.

No Hardware Required

Runs in any browser. Desktop, laptop, or tablet — start in minutes.

Fast-Moving Analytics

See top products, slow movers, and sales by location in real time.

JakeRetail vs. Traditional POS

The gap is not incremental — it's fundamental.

Feature	Traditional POS	JakeRetail V2
Works Offline	✗ Dies	✓ Full Functionality
Real Financial Statements	✗ Basic totals	✓ Auto Cashflow & P&L
Debt & Partial Payments	✗ Manual ledgers	✓ Integrated System
Price Override Auditing	✗ Invisible	✓ Badged & Logged
Custom Voucher System	✗ Rarely available	✓ Dynamic Rules & Limits
Staff Audit Trail	✗ Vague or absent	✓ Human-Readable Logs
Multi-Store Management	✗ Extra cost	✓ Landlord Dashboard
